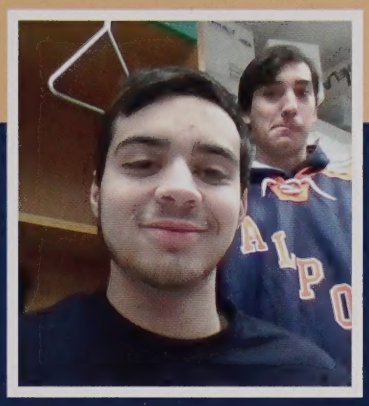
# Academics

"If you can't throw a spiral, you're not American"

-- Mr. Kamper



"If i was adopted by Mr. Alan, he would encourage me to read more books and watch more movies. i don't do enough of that now, and I feel like I would learn so much more about the world and popular culture" -- Emmi Devito

# The Pageantry of the Academic Procession

The custom of wearing academic gowns, caps, and hoods dat
the twelfth century and probably had its inception in France wl
of the cap and gown marked the formal admission of the "L
body of Masters. The cold buildings of medieval times, in wl
were obliged to teach, required robes and hoods which
patterned after the prevailing dress of the times. Since a larg
scholars were clerics, the garb resembled the appearance of mc
hoods were fashioned after the monks' cowl and were attache
that they might be drawn over the head. Later, when the sku
covering displaced the hood, it was made separately from the
cap evolved into a pointed cap, which is evidenced today in
with its tassel, worn on the left side, indicating graduation. A
styles and usages soon emerged. In order to have
Intercollegiate Code for Academic Costumes was adopt
practically all of the leading institutions of learning.

The colors you will see in the hoods and gowns of our faculty
various fields in which the degrees were taken.

Brown: Fine Arts
Dark Blue: Philosophy
Golden Yellow: Science
Lemon Yellow: Library Science
Light Blue: Education
Pink: Music
Purple: Law
Sage Green: Physical Education
Scarlet: Theology
Yellow-Brown: Business and Accountancy
White: Arts, Letters, Humanities

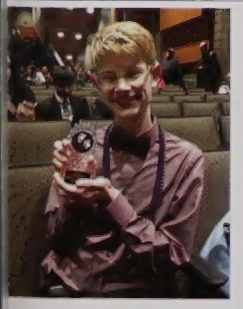
The WHS Speech and Debate Team broke several team records this year at big tournaments including placing 6th out of 23 schools at Natick High's Holly Festival, 6th out of 39 schools at Newton-South High's Winter Festival, and 8th out of 46 schools at Shrewsbury High's Mardi Gras Tournament. The team also competed at national circuit tournaments such as the "Big Lex" Tournament at Lexington High and the Harvard Invitational, drawing competitors from all across the country. Lastly, many students qualified & competed at the state tournaments. Congratulations to all members!

# Speech & Debate Team



# Robotics: FRC 1135

At the New England First District tournament, Walpole was one of the top scoring robots and was a total offensive powerhouse, having earned the top offensive power rating at the event. We were selected by the third seed and took home second place in the elimination tournament! The team was also awarded the Industrial Design award which celebrates form and function in an efficiently designed machine that effectively addresses the game challenge. The judges were especially impressed with our unique two tiered system to collect the balls as well as how we managed to package all of our subsystems into a small form factor while still being able to maintain and service the robot between every match.

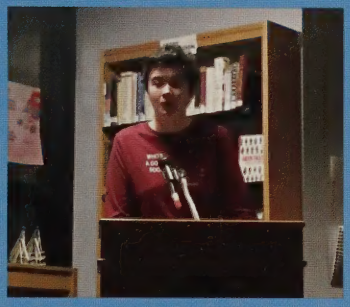
# Poetry READING

i look in her eyes
but they are glassy

barely even hers
looking through me
– Zoe Jagleski

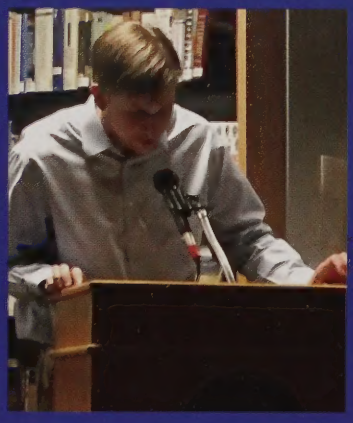
But I did think
Before I wrote these
words
Before I pushed away
the guilt
Before I hurt you again
– Katerina Gebhardt

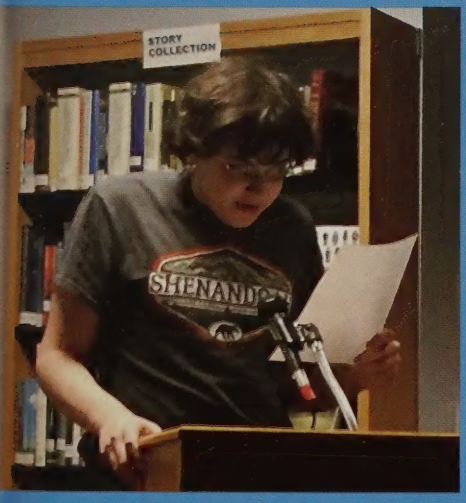


But once the edges connect,
She realizes so does her jumbled sect.
The pieces begin to join together,
And life begins to look better for her.
She believes that she will find her place.
– Lindsay Navick

Wishing on stars.
Reaching for you.
Met with darkness..
– Renee Abbott

The healing power of nature is a
possibility,
So you go outside,
Laughing at the pollen intolerants,
Admiring the multi-celled organisms
That photosynthesize
– James Kane





I'm sorry are worse words to say
everything that happens after
is not up to you
it is no longer your choice
– Brookie Arena

I look the other way, at
the black and white
world as shivers run up
my back from the
coldness projecting
from it.
– Lisa Jair

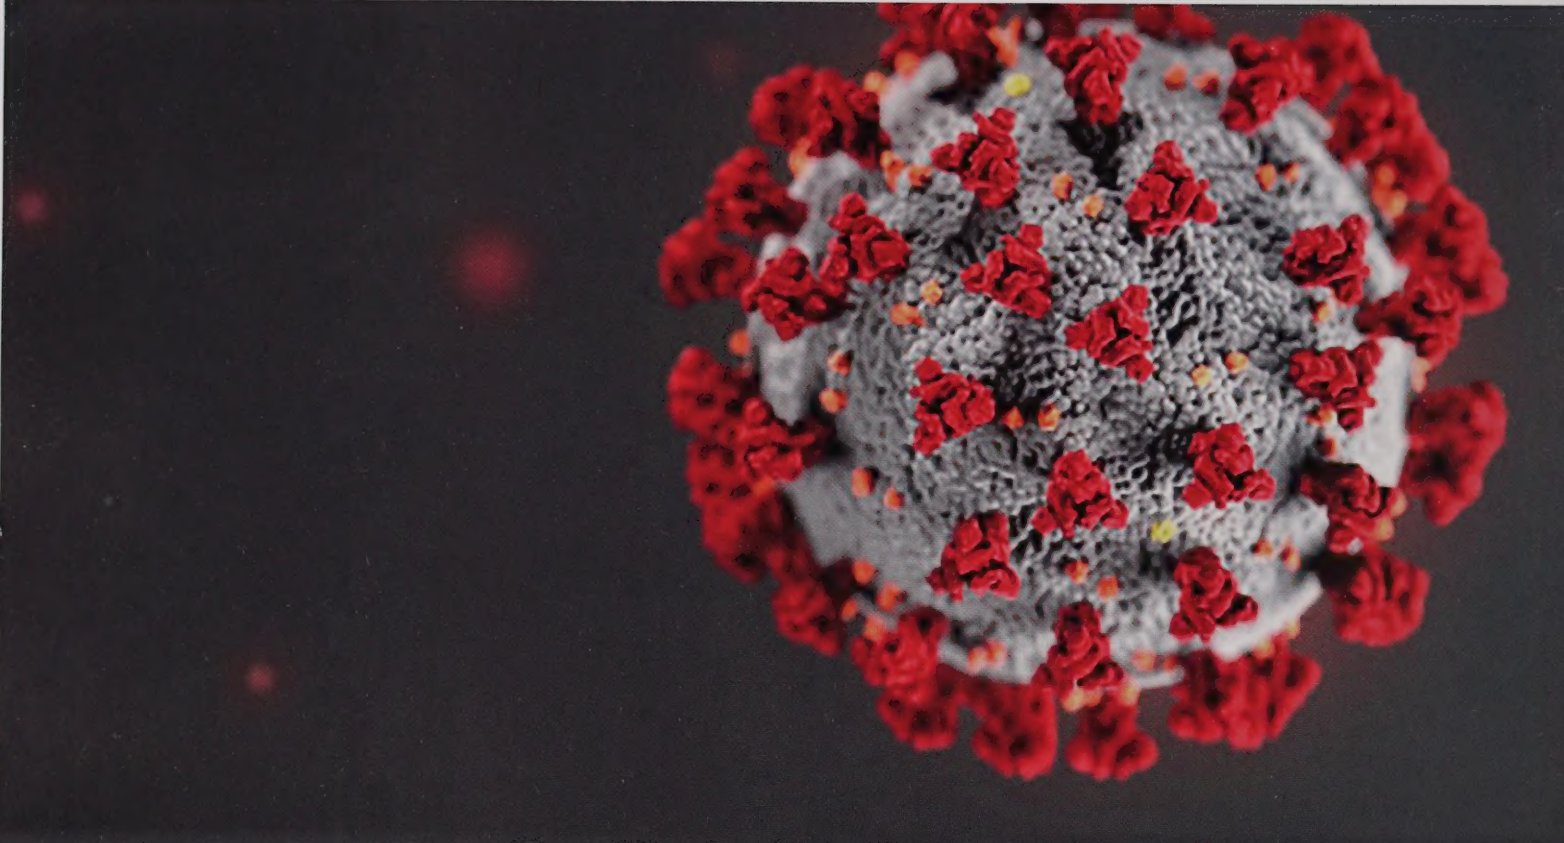
# Walpole High School

Spring Supplement

2020

# STILL OUR YEAR.



# How COVID-19 changed our lives

## Nov. 2019

**A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.**

## 1.20.20

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

*The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.*

## 2/11

## February 29

***First US COVID-19 death***

***1 new case in Mexico***

***3 new cases in United States***

***5 new cases in Canada***

Photo provided by CDC.gov

# March

Canada had 118 cases. United States had 1,267 cases. Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

**12** **Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.**

Friday

16 US states closed schools to reduce community spread of the virus:

| | | |
|---|---|---|
| Alabama | West Virginia | New Mexico |
| Wisconsin | Illinois | Oregon |
| Maryland | Pennsylvania | Virginia |
| Ohio | Louisiana | Utah |
| Kentucky | Rhode Island | |
| Washington | Michigan | |

the 13th

US declared a national state of emergency.

**fourteen**

-The US reported 2,816 confirmed cases and 58 deaths.
-Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
-Canadian provinces canceled schools as the numbers of infected rose.

- Canada reported 341 cases.
- More cases were reported outside mainland China than inside it for the first time in the history of the disease.
- The largest school district in the US, NYC Public Schools, closed.
- The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

**sixteen**

**Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.**

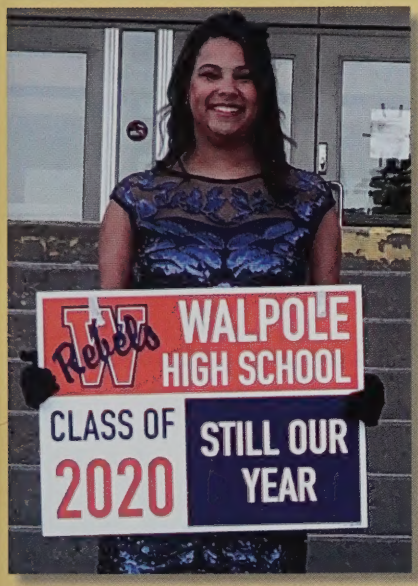
**17 St. Patrick's Day** Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

All information gathered Mar. 13-17 from CDC.gov, WHO.int, APnews.org, CNN.org, LATimes.com, CBC.ca

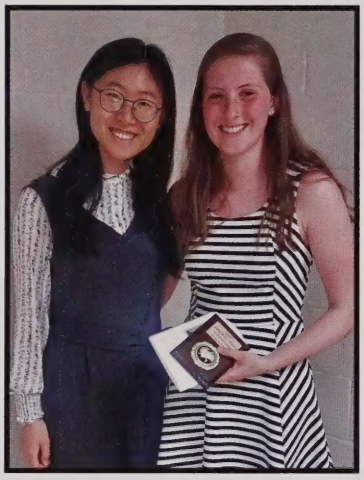
# MAKING LEMONADE

Finding ways to make the best & the most of the time we had away from school

People need to appreciate their time with their loved ones because you never know what is going to happen. - Amya O'Keefe Stanford



I'm surprised how long this is lasting!
- Bridget Abril



I'm surprised that I'm not going as crazy as I thought I would at the beginning it was hard but with each passing day quarantine is getting easier.
- Justine Prophil

I've been surprised by the way the community has come together to show love to essential workers, kids, and even seniors. I enjoy seeing the signs, teddy bears, and painted rocks during my walks. They always make me smile and it's nice to see the supportive and loving acts people contribute to make this time easier for everyone.
- Deirdre McCarthy

I'm surprised how everything can change so quickly. So we really need to enjoy right now, because we don't know anything about tomorrow. - Pedro Campos Dias

I've been surprised that people thought the need to stock up on toilet paper was a good idea - Matt Donnelly

I have enjoyed being able to embrace my creativity more and take on projects that I would never have time for otherwise. It's amazing to see all the little things I have done over quarantine and how some of the projects have evolved into big things that have left a lasting impact on the people around me. I think I have enjoyed being able to spread a little positivity! - Emme DeVito

# ADOPT A SENIOR

**I feel adoption will brighten students' senior year because it made a difference. The students, including myself, didn't really have hope as to what was coming for us. We were all so excited for senior week, prom, and especially, graduation. We lost it all and I wanted to change that as much as I could with the virus impacting pretty much everything. I realized we all need to accept and understand that this is our new normal, but with little acts of kindness, it makes a big difference**

**The process of adoption goes like this. a parent or guardian of the senior will post a few pics, and a little explanation of the student. The members of the community, family, friends, whoever wants to, then "adopts" the senior and showers them with love. Cards, letters of encouragement, gifts, gift cards, etc can be sent thru the mail or even hand delivered into the mailbox or front steps. It's really a way to let the senior know we are all rooting for them and to not give up in a time full of pretty much nothing.**

**My favorite part of the Adopt a Senior is hands down seeing everyone's reaction!! Ever since I was little I've always said I wanted to "make a change". This was definitely my time to shine & do it. So I did it. There is so much unconditional love and support from the members of the community it's overwhelming. In a good way lol. Seeing the videos of the students opening their gifts and being so surprised and supported by someone they might not even know is so heart warming in a time of such sadness!! I'll definitely remember this forever.**

**There is no doubt in my mind this page wouldn't be as strong as it currently is without Ms. Nottebart, Mrs. Nelson, and my mom's help. We are making sure not one student is left out who wants to participate. They have been so helpful and supportive. They are amazing and deserve the same recognition.**

Recipe: Mr. Mullaney's Chocolate Chip Cookies

For the first time ever, Mr. Mullaney is releasing his famous Chocolate Chip Cookie recipe EXCLUSIVELY for the Class of 2020!

Enjoy!

Preheat oven to 375 F

Cream together butter, sugar, brown sugar, and salt.

Add egg and vanilla.

Mix well.

Add flour and baking soda.

Mix until combined.

Mix in chocolate chips and nuts.

Drop spoonfuls of dough on ungreased cookie sheets.

(Can also line the cookie sheets with parchment paper.)

Bake for 8 - 10 minutes.

Makes approximately 36 cookies.

Ingredients:

⅔ cup unsalted butter
½ cup sugar
½ cup light brown sugar
1 egg
2 teaspoons vanilla
½ teaspoon salt
½ teaspoon baking soda
1 ½ cups flour
1 cup semi-sweet chocolate chips
¾ cup chopped walnut (optional)

# Graduation Speech

While we might be known as the Covid Class of 2020 for years to come, we should not lose sight of all the little things that made our time here, together, irreplaceable. – Matt Ferraro

What most adults know as the 9-to-5 grind, high schoolers know as the 7-to-2 grind. There were late nights exasperated by the injustice of an unholy start time, but these late nights opened our afternoons for after-school events (practices, games, club meetings, filming sessions — I could go on!), events made possible by the early dismissal bell. – Brigham Byerly

We started our journey at four different elementary schools, progressed into two middle schools, and then merged into one high school. Although we have all had very different experiences; taking different classes, participating in different activities, clubs, and sports, we stand united now more than ever as the Walpole High School Class of 2020. – Matt Ferraro

And while this pandemic doesn't have to define our time in high school, it has brought us some unique lessons that we should value. The importance of community–checking in on your neighbors, staying in contact with friends, and helping each other through difficult times. Walpole's strong community has truly shined through during this experience, and we should take the time to appreciate and learn from those who have put their community first. – Naomi Fitzgerald

Do not forget the feeling that you have been loved and supported, that your goals are achievable, and that you have something to offer to the world. Be the person who holds the door, or volunteers for a charity, or picks up a piece of trash off the ground. These small acts cost us nothing, yet gradually create a community of kindness. – Andrea Wilber

We all put our hearts into something in high school, so bring that heart with you in your next step in life. The excitement we all had for spring of our senior year is not gone forever. Take that excitement and passion with you wherever you are going in the fall. It's a fresh start. – Justine Prophil
